GENERAL INFORMATION

Welcome

The Organising Committee is pleased to welcome you to the XIVth International Colloquium of Soil Zoology and Ecology. We hope that your travel to France was nice and that you will enjoy both the scientific and social programs, which are presented in this booklet.

Registration

All participants and accompanying persons need to register immediately after arrival. This is an important point as only participants wearing their colloquium badges will be accepted to enter in the conference room and to participate to the full scientific program.

The registration office is located in front of the conference room and will be opened on Monday, August 30, from 8:30am to 16:30pm and every other day from 9:00am to 16:30pm.

Presentation of contributions

Five types of contributions will be presented during the colloquium.

Introductory lectures of 30 min (including time for questions) will present the state of the art of each theme at the beginning of each session.

Oral communications are organised in the 7 sessions listed in the scientific program, and will be allowed 15 min (including time for questions). The identity of chairman for each session will be given during the opening session.

For any kind of talk, please contact Thibaud Decaëns or the chairman of your session to put your Powerpoint or Open Office presentations in order to avoid any problem of incompatibility between different software versions.

Poster presentations will take place in specific rooms from 16:30pm to 18:30pm on Monday (sessions 1-3), Tuesday (sessions 4-6) and Thursday (sessions 7-8). Please mount your posters at any moment during the day of your session and dismount it at the end of the session.

The 8th session will host posters on “*Autecology and Biology of Soil Animals*” that are not directly related with the ecosystem services treated in the other sessions.

Program presentations will allow people involved in important international program to present the main objectives and results of the team of scientists involved in these investigations.

Workshop reports will be presented in a specific session. Workshops will take place on Tuesday evening in the Science Faculty building, at about 50 meters from the Maison de l’Université, and chairmen will be given 15min to present the main results of discussion in plenary session on Wednesday morning.

Computer room

A computer room is at your disposal in the Maison de l’Université. All details regarding connexion will be given to you during the opening session.

Tea – Coffee – Lunches

Coffee and tea will be provided during the morning and afternoon sessions in front of the conference room.

Lunches will be served in the University Restaurant of the Panorama, at about 200 meters from the conference room. The cost of lunches is included in the colloquium fee.

Certificate of attendance

Certificate of attendance are available on request from the Registration Office.

Welcome drink at the "Hotel de Ville de Rouen" / Conference dinner

A welcome drink will be offered to participants by the town council on Thursday, September 2nd. Appointment has been made at the Hôtel de Ville de Rouen at 7:00pm.

Just after this drink, participants are invited to reach the Halle aux Toiles (about 500 meters from the Hôtel de Ville) for the conference dinner. A special Soil Fauna Song Session will be organised with hopefully participations of delegates from all countries.
